

# Catch up Premium Statement 2017-18

The *'Catch Up Premium'* provides schools with an additional £500 for each pupil who did not achieve at least a level 4 or by new primary measures is 'not secondary ready' in reading and/or mathematics at the end of Key Stage 2.

In 2017-18 funding allocation for the school to support pupils' eligible for **Catch Up Premium** will be **£12,458** this is an increase of £1,677 in comparison to 2016-17 **£10,781**.

As the Catch Up Premium grant is clearly identifiable within the school budget and the impact of interventions is monitored through the PPR development plan. The school is accountable for how it has used the additional funding to support the achievement of eligible pupils and the Head teacher reports to the governing body and parents on how effective the interventions have been in achieving its aims.

## **OBJECTIVE**

The objective at Flixton Girls School is to ensure that these pupils make the rapid and sustained progress necessary to achieve 'a level of competency that will enable them to access the secondary curriculum' and bridge the gap to their peers.

We aim to accelerate the progress of these pupils by ensuring that their individual needs are met

## **OVERALL STRATEGIES**

Strategies to meet the needs of pupils eligible for Catch Up Premium at the school are informed by academic research (principally from the findings of Sutton Trust research).

The school assesses the individual needs of eligible pupils, and spends the funding allocation on targeted support through:

- **One-to-one and small group tuition in English and mathematics delivered by intervention tutors for English & Maths. This is facilitated and monitored by the SENCo (Mrs Anna Hulse) and delivered in the Learner Services building.**
- **Additional afterschool Catch-up sessions across the curriculum, and specifically in English and maths. There is also access to a homework club and breakfast club to support a 'targeted cohort'.**
- **A specific and discrete scheme of work in English through Year 7 and Year 8.**
- **High quality classroom provision for the teaching of reading and mathematics with CPD planned to support teachers.**
- **The Accelerated Reader programme which is a weekly reading lesson built into the Year 7 curriculum model.**
- **Termly tracking and monitoring of 'catch up cohort' in Reading and Maths to review progress and impact of intervention. Pupil profiles created by the SENCO to support intervention.**
